

Springfield Public Schools
Phelps Center for Gifted Education
934 S. Kimbrough – Springfield, MO 65806 – 417.523.3300

August 9, 2021

Recently, your child qualified for gifted education services within the WINGS program located at the Phelps Center for Gifted Education. In order to assign the appropriate number of teachers to each grade level team, please go to sps.org/phelps and submit a **Student Enrollment**. WINGS enrollment should be completed for your student by Monday, August 16.

The WINGS program serves all K-8 gifted students living within the Springfield Public Schools attendance area. As health and safety is our primary concern, we will not be meeting in-person for orientation at this time. The **New Student Orientation** presentation has been uploaded to our website sps.org/phelps. Please watch this presentation in its entirety to ensure that you and your child have the information needed for a successful start to the new school year.

In addition to filling out the student enrollment and watching the new student orientation presentation, please come back to the website sps.org/phelps on August 23 for **Meet the Teacher** videos. This will be your student's opportunity to see their grade level team teachers. As WINGS students have some choice in the classes they take, specific teacher assignments will not be made prior to the start of school. If you have any questions, or need further information, please call the Phelps Center at 417-523-3300.

Sincerely,

Lenae Lazzelle, Ed.D.
Gifted Education Director
