

# Hillcrest A+ Citizenship Appeal

**Appeal Documentation:** Citizenship Appeal Form  
Student Narrative  
Appeal Decision Notes Page

At the time of the review, the appeal team will determine if the student's request has been approved or denied or if the student will be placed on probation.

- If the appeal has been approved, the student will be considered in compliance with the citizenship standard.
- If the appeal is denied, the student will be disqualified from the A+ Program and will not be eligible for the financial incentive offered through the A+ Schools Program.
- If the student is placed on probation, the review team will make recommendations about its expectations for improvement. If the expectations are met by the end of the year, the student may be awarded the A+ Program's financial incentive.

Within 5 days following the appeal team's decision, a letter of notification will be sent to the parents/guardians of the student.
