

ANNUAL REPORT 2003 – 2004

“HELPING TODAY’S KIDS FILL TOMORROW’S PROMISE”

“As we continue to gain the public trust, we must continue to find ways to improve performance. This report provides the base information needed to inform and guide us towards greater student achievement.”

Springfield Public Schools Annual Report 2003-2004

Our Mission

Springfield Public School District exists for the academic excellence of all students.

About This Report

The Springfield Public School District is fully committed to open, two-way communication with staff, parents of our students, and all citizens who are concerned about education. Our continuing commitment to meet that goal is the reason for this, and previous, annual reports.

In this report, you will find information about many aspects of school life, from the bricks and mortar of individual school buildings to the academic achievements and programs that help every student become productive.

This annual profile of our district has been produced every year since 1986 and was expanded in 1996 to meet state public reporting requirements for all school districts in Missouri. The report includes student enrollment numbers, attendance figures, and high school dropout rates. Also included are data about the amount of state and federal aid received by our district, the number of students who qualified for free and reduced lunches, the length of the school day and year, and information about course offerings. In addition, tax information and statistics about teaching and administrative staff, average salaries earned, and percent with advanced degrees are also provided for individual school buildings within the district.

Additional state requirements in 2002 initiated the production of individual report cards for each school building in the district. These "school report cards" contain much of the data published in the annual report, plus additional information. School report cards are available at each school building, at institutions such as public libraries, and are available on the Web at http://www.spstoday.com/district_reportcards.asp.

Performance Standards

The district was judged to have met seven of the 11 indicators of the Performance Standards at an acceptable level of performance and/or demonstrated net progress over a five-year period. The district is meeting the Performance Standards at a provisionally accredited level. The following strengths and concerns were identified in Performance:

MISSOURI SCHOOL IMPROVEMENT PLAN (cont'd.)
Springfield School District

STRENGTHS

1. The percent of graduates who scored at or above the national average on the ACT is at a high level.
2. The percent of advanced courses taken by juniors and seniors is at a high level.

CONCERNS

1. Student achievement results in grades 3-5 are not high and do not show sufficient improvement.
2. Student achievement results in grades 9-11 are not high and do not show sufficient improvement.
3. The percent of graduates who complete vocational courses is not high and does not show sufficient improvement.
4. The district's dropout rates are not low and do not show a sufficient decrease.

To meet AYP for 2004, all groups with 30 or more students (50 for IEP and LEP) needed to have met the state proficiency goal and more than 95 percent of the students must have taken the test. The 2004 state proficiency goal was 20.4 percent for Communication Arts and 10.3 percent for Mathematics.

Legend: (Y) = yes, group met; (N) = no, group did not meet; (CI) = Met MAP with the Confidence Interval; tested exceeded 5 percent; (--) = fewer than 30 (or 50) students assessed for that group; (.) = no students assessed for that group; (FRL) Students eligible for free or reduced price lunch; (IEP) = Individualized Education Program (students with disabilities); (LEP) students who are limited English proficient.
