

ANNUAL REPORT 2007 – 2008

“HELPING TODAY’S KIDS FILL TOMORROW’S PROMISE”

“Because our students are our future, they must graduate to be able to deal with the complexities of a rapidly changing world.

The Springfield Public Schools community has shared with us a vision for Education that prepares students for better understanding and skill in technology. This year we will introduce a data warehouse and a Web-based assessment system that puts valuable information at the fingertips of all students and staff. These tools, combined with continued public input and support, will guide the district along the path of continuous improvement.

Contained in the following pages of this Annual Report is essential information to keep you informed and to guide us as we strive to improve student achievement and enhance our reputation as a regional, state and national leader in providing quality education for all children .”

Springfield Public Schools Annual Report 2007-2008

Our Mission

Springfield Public School District exists for the academic excellence of all students.

Our Vision

Springfield Public School District shall be a national leader in academic and student development. In addition to the mastery of basic skills, students shall be engaged in challenging academic programs designed to allow students to reach their highest potential.

About This Report

The Springfield Public School District is fully committed to open, two-way communication with staff, parents of our students, and all citizens who are concerned about education. Our continuing commitment to meet that goal is the reason for this, and previous annual reports.

In this report, you will find information about many aspects of school life, from the bricks and mortar of individual school buildings to the academic achievements and programs that help every student become productive.

This annual profile of our district has been produced every year since 1986 and was expanded in 1996 to meet state public reporting requirements for all school districts in Missouri at that time. The report includes student enrollment numbers, attendance figures, and high school dropout rates. Also included are data about the amount of state and federal aid received by our district, the number of students who qualified for free and reduced lunches, and the length of the school day and year. In addition, tax information and statistics about teaching and administrative staff, average salaries earned, and percent with advanced degrees are also provided for individual school buildings within the district.

INFORMATION ABOUT THE MISSOURI ASSESSMENT PROGRAM (MAP) TEST

Missouri Assessment Program (MAP) testing in the spring of the 2007-2008 school year required the following content areas and grade levels be tested in all Missouri public school districts:

STATE-REQUIRED MAP TESTING 2007-2008		
COMMUNICATION ARTS	MATHEMATICS	SCIENCE
Grade 3	Grade 3	Grade 5
Grade 4	Grade 4	Grade 8
Grade 5	Grade 5	Grade 11
Grade 6	Grade 6	
Grade 7	Grade 7	
Grade 8	Grade 8	
Grade 11	Grade 10	

The two previous years of MAP testing (2005-2006 and 2006-2007) required the following content areas and grade levels be tested in all Missouri public school districts and Springfield Public schools voluntarily opted to test science in grade 10:

STATE-REQUIRED MAP TESTING 2005-2006 AND 2006-2007	
COMMUNICATION ARTS	MATHEMATICS
Grade 3	Grade 3
Grade 4	Grade 4
Grade 5	Grade 5
Grade 6	Grade 6
Grade 7	Grade 7
Grade 8	Grade 8
Grade 11	Grade 10

Note: Beginning in 2008-2009, high school MAP testing will migrate to end-of-course testing.

MISSOURI SCHOOL IMPROVEMENT PLAN (MSIP) WAIVER REVIEW INFORMATION – SPRINGFIELD PUBLIC SCHOOL DISTRICT

During the 2003-2004 school year, the Springfield Public School district received notification from the Missouri Department of Elementary and Secondary Education (DESE) that a waiver of the scheduled 2005 Missouri School Improvement Plan accreditation visit had been granted. The waiver was granted based on the district's accreditation at the highest level as demonstrated by the district's two latest DESE-generated Annual Performance Reports (APRs). The waiver rule establishes the criteria and procedure for annually identifying school districts and/or school buildings eligible for waivers in compliance with applicable state law and regulations.

Qualifications include:

- A. The district achieved accreditation in the most recent MSIP review and is accredited at the highest level as defined by MSIP and has no Missouri Assessment Program (MAP) scores at or below the established floor based upon the two (2) latest DESE generated Annual Performance Reports (APRs).
- B. The district is in compliance with all Resource and Process Standards and Indicators listed in the Waiver Checklist.

If a district fails to meet the waiver criteria or the district no longer complies with the specific laws and rules referred to in the Waiver Checklist, the district will be scheduled for an on-site review. For districts' receiving a waiver of its regularly scheduled five year MSIP review, DESE conducts a mini-team review to focus on the areas identified in the MSIP Waiver Plan.

The Springfield Public School District's 2005-2006 MSIP Waiver Review visit was conducted on April 3, 2006 by Dr. Dennis Cooper, DESE area state supervisor. This visit involved a review of evidence of district compliance with state standards, a visit to Kraft Administrative Center, the General Services Center and three randomly selected school sites. Schools visited were; Parkview High School, Study Middle School and Eugene Field Elementary. According to the Missouri School Improvement Program Mini-Review Waiver Plan Checklist (2005-2006), the Springfield R-XII School district met all requirements as outlined in the MSIP Waiver Plan including the following items:

- All MSIP Resource Standards and Indicators (MSIP1.3 and 5.1)
- All MSIP Process Standards and Indicators (MSIP 6.1.1, 8.3.5, 6.2.6, 7.1, 7.3, 7.7, 6.6.1, 6.7, 8.3.4, 8.4.3, 8.5, 8.2, 8.10, 8.6, 8.11, 8.13)

This waiver is renewable for five consecutive years if the District continues to meet the following requirements:

- Identified as *Meets Standards* on Accredited level of APR performance indicators
- Complies with all items on the MSIP Waiver Plan
- Annually reviews the District's Comprehensive School Improvement Plan (CSIP) and submits revisions to DESE.

SPRINGFIELD PUBLIC SCHOOLS ACCOUNTABILITY PROCESS

Educational reform efforts, most notably the No Child Left Behind Act (NCLB), highlight the need for public education to produce and showcase quantifiable results on tests and other achievement indicators. A review of research literature indicates that educational performance is heightened when individuals understand what is to be measured and why. Such a process is commonly referred to as “accountability.” An accountability process that measures progress is a good thing, but it cannot be an end unto itself. It must result in improvements. Research indicates customers of educational systems have a direct agenda in terms of educational accountability. They want to know:

- How are our kids doing?
- Are our schools improving and succeeding?
- What works to help our students learn?

The accountability goal of the Springfield Public School District is to systematically set goals, define strategies to reach those goals and monitor progress in achieving goals. The commitment of Springfield Public Schools to continuous improvement will be reflected in the Accountability process. A comprehensive accountability process provides continuous feedback to help school leaders systematically investigate which elements help school professionals and students perform more effectively.

The school district has identified three district system-wide goals:

1. Improve student achievement: All students will demonstrate proficiency or higher in math, reading, and writing.
2. Improve graduation rate: Students will persist in their effort to complete an educational program.
3. Ensure effective and efficient use of resources: High quality, fiscally responsible services will be provided.

In addition, the district identified performance indicators critical to meeting district goals. These indicators help the district know what it must do to be viewed as being successful by the public it serves. In addition, performance measurements have been established to ensure expectations are met. Measurements will be used to ensure the district commitment to continuous improvement is in place and ongoing.

SPRINGFIELD PUBLIC SCHOOL DISTRICT FINANCIAL OVERVIEW 2007-2008

Average per pupil expenditure

Average per pupil expenditure for the district as a whole is calculated by taking the current expenditure (as defined by Section 163.011 RSMo), divided by the average daily attendance (including summer school) of resident students:

$\$181,509,357.95 \div 22,069.15 = \$ 8,224.57$ average pupil expenditure (per Financial Services)

Springfield Public School District September Enrollments

EARLY CHILDHOOD SPECIAL EDUCATION EDUCATIONAL ENVIRONMENTS

The following information represents the total number of children receiving special education services during the 2007-2008 school year. In December of 2006 the Office of Special Education Programs (OSEP) made changes to data collection requirements for children with disabilities in Early Childhood Special Education (ECSE). The ECSE program now reports the “total educational environment” for each identified child in the program. Following is the listing of educational environments and codes which are used in reporting to Core Data. (These educational environments do not replace the placement decisions that are made by the IEP team and documented on the IEP).

Total number of students served in the ECSE program during the 2007-2008 school year: 461

Students	Code	Educational Environment	Description
198	00A1	In the regular early childhood program at least 80% of the time	Children with disabilities who attend an early childhood program and are in the early childhood program for at least 80% of time.
73	00A2	In the regular early childhood program 40% to 79% of time	Children with disabilities who attend an early childhood program and are in the early childhood program for no more than 79% but no less than 40% of time.
5	00A3	In the regular early childhood program less than 40% of time	Children with disabilities who attend an early childhood program and are in the early childhood program for less than 40% of time.
127	00B1	Separate class	Children with disabilities who attend a special education program in a class with less than 50% nondisabled children. (Do not include children who also attend a regular early childhood program.)
2	00B2	Separate School	Children with disabilities who receive special education and related services in public or private day schools designed specifically for children with disabilities. (Do not include children who also attend a regular early childhood program.)
0	00B3	Residential Facility	Children with disabilities who receive special education and related services in publicly or privately operated residential schools or residential medical facilities on an inpatient basis. (Do not include children who also attend a regular early childhood program.)
5	00B4	Home	Children with disabilities who receive special education and related services in the principal residence of the child’s family or caregivers, and who did not attend an early childhood program or a special education program provided in a separate class, separate school, or residential facility. Include children who receive special education both at home and in a service provider location. The term caregiver includes babysitters.
51	00B5	Service Provider Location	Children with disabilities who receive all of their special education and related services from a service provider, and who did not attend an early childhood program or a special education program provided in a separate class, separate school, or residential facility. Do not include children who also receive special education at home. Children who receive special education both in a service provider location and at home should be reported in the Home category.
