The following information is compiled as a report to the community on the status and performance of Springfield Public Schools and its students.

Springfield Public Schools Annual Report 2018-2019

About the Report

The Springfield Public School District is fully committed to open, two-way communication with staff, parents of our students, and all citizens who are concerned about education. Our continued commitment to meeting this goal is the reason for the annual reports.

The district annual report has been produced every year since 1986. It was expanded in 1996 to meet state public reporting requirements for all school districts in Missouri at that time. The report includes student enrollment numbers, attendance figures, and high school dropout rates. Also included are data about the amount of state and federal aid received by our district and the number of students who qualified for free and reduced lunch. In addition, tax information and statistics about teaching and administrative staff, average salaries earned, and percent of teachers with advanced degrees are also provided for individual school buildings within the district.

GRADUATION RATE GRADUATING CLASSES OF 2018 AND 2019

4 Year Graduation Rate		
Building	2018	2019
Central High	78.3	85.2
Glendale High	91.6	90.3
Hillcrest High	73.0	78.2
Kickapoo High	95.1	96.9
Parkview High	86.3	87.1
Springfield District	85.9	88.5
State of Missouri	89.3	89.6

5 Year Graduation Rate		
Building	2018	2019
Central High	84.9	84.4
Glendale High	92.4	94.3
Hillcrest High	84.2	77.0
Kickapoo High	97.5	96.6
Parkview High	88.4	89.3
Springfield District	87.9	91.0
State of Missouri	90.0	89.0

Click [here](#) to access additional information about graduation rates for Springfield Public Schools from the Missouri Department of Elementary and Secondary Education.

Four-Year Graduation Rate: Percentage of freshmen students who graduate in four years with a regular high school diploma. From the beginning of ninth grade, students who are entering ninth grade for the first time form a cohort. The cohort is subsequently "adjusted" by adding any students who transfer into the cohort at any point before graduation, and subtracting any students who transfer out.

Five-Year Graduation Rate: The five-year graduation rate is calculated the same as the four-year with the exception that it includes both four and five-year graduates in the fifth-year cohort.

MISSOURI ASSESSMENT PROGRAM (MAP)

The Missouri Department of Elementary and Secondary Education (DESE) requires all Missouri public school districts to administer Missouri Assessment Program (MAP) assessments in the spring. Under the Missouri Assessment Program, End-of-Course assessments are also administered at the end of appropriate secondary courses for accountability purposes. State assessments are administered in the following grade levels and End-of-Course areas:

STATE-REQUIRED MAP TESTING 2018-2019			
COMMUNICATION ARTS	MATHEMATICS	SCIENCE	SOCIAL STUDIES
Grade 3	Grade 3	Grade 5	American Gov. (GV)
Grade 4	Grade 4	Grade 8	
Grade 5	Grade 5	Biology 1 (B1)	
Grade 6	Grade 6		
Grade 7	Grade 7		
Grade 8	Grade 8		
English 2 (E2)	Algebra 1 (A1)		
	Algebra 2 (A2)		
	Geometry (GE)		

American Government End-of-Course scores were not released for the 2018-2019 school year. Per the Missouri Department of Elementary and Secondary Education; because the assessment development schedule for American Government is set to begin in 2019–2020, the 2018–2019 administration year was a full census Field Test. Due to this, there are no reports available for American Government during the 2018–2019 administration year.

MISSOURI ASSESSMENT PROGRAM (MAP) 2019 TEST RESULTS

The following Missouri Assessment Program (MAP) Test results for Springfield Public School District and buildings within the district, are also posted [here](#).

MISSOURI SCHOOL IMPROVEMENT PROGRAM (MSIP) 5

View 2018-2019 MSIP5 results for Springfield Public Schools. [Click Here](#)

The fifth version of the Missouri School Improvement Program (MSIP 5), the state's accountability system for reviewing and accrediting public school districts, outlines the expectations for student achievement with the ultimate goal of each student graduating ready for success in college, career, and life. The comprehensive MSIP accountability system was established in 1990 and has evolved with each version. MSIP 5 Resource and Process Standards are designed to promote continuous improvement and innovation within each district. The process standards are often qualitative in nature. The MSIP 5 Performance Standards are designed to recognize the achievement and continuous growth of ALL students as they prepare for a global economy.

MSIP 5 is also used to distinguish the performance of schools and districts in valid, accurate, and meaningful ways so that districts in need of improvement can receive appropriate support and interventions, and high-performing districts can be recognized as models of excellence. Annual Performance Reports (APRs) are based on the performance standards and are reviewed for accreditation purposes at the district level. The state also produces APRs for schools and charter LEAs to support its goal of empowering all stakeholders in manners appropriate to their roles through regular communication and transparent reporting of results.

The adopted MSIP 5 Standards represent the work of hundreds of educators. Numerous refinements and revisions were made before the State Board of Education approved the final changes. The standards will guide Missouri's continuing school-improvement efforts.

ACCOUNTABILITY PLAN

SPRINGFIELD PUBLIC SCHOOLS ACCOUNTABILITY PROCESS

Educational reform efforts over the past decade have highlighted the need for public education to produce and showcase quantifiable results on tests and other measures of achievement. Research literature indicates that educational performance is heightened when individuals understand what is to be measured and why. Such a process is commonly referred to as “accountability.” An accountability process that measures progress is a good tool, but it cannot be an end unto itself—it must result in improvements. Research indicates customers of educational systems are interested in how students and schools are performing and improving, and finding out what promotes student learning.

The accountability goal of the Springfield Public School District is to systematically set goals, define strategies to reach those goals, and monitor progress in achieving goals. The commitment of Springfield Public Schools to continuous improvement is reflected in the accountability process. A comprehensive accountability process provides continuous feedback to help school leaders systematically investigate which elements help school professionals and students perform more effectively.

The school district has three focus areas:

1. Student Success and Learning Support
2. Empowered and Effective Teachers, Leaders, and Support Personnel
3. Operational Efficiency

The district has also identified performance indicators critical to meeting district goals which are embedded within each of the aforementioned focus areas. These indicators help the district know what must be done to be considered successful by the public it serves. To accomplish this end, performance measurements have been established to ensure expectations are met and ensure the district commitment to continuous improvement.

EARLY CHILDHOOD SPECIAL EDUCATION EDUCATIONAL ENVIRONMENTS

The information below represents the total number of children in early childhood education who received special education services during the 2018-2019 school year. In December 2006, the Office of Special Education Programs (OSEP) made changes to data collection requirements for children with disabilities in Early Childhood Special Education (ECSE). The ECSE program now reports the “total educational environment” for each identified child in the program. Following is the listing of educational environments which are used in state reporting. (These educational environments do not replace the placement decisions made by the IEP team and documented on the IEP).

Students	Educational Environment	Description
61	Regular Early Childhood (EC) Program	In EC program 10+ hours and received majority of SPED services in regular program.
72	Regular Early Childhood Program	In EC program 10+ hours and received majority of SPED services in another location.
*	Regular Early Childhood Program	In EC program fewer than 10 hours and received majority of SPED services in regular program.
*	Regular Early Childhood Program	In EC program fewer than 10 hours and received majority of SPED services in another location.
193	Separate class	Children with disabilities who attend a special education program in a class with less than 50% nondisabled children. (Do not include children who also attend a regular early childhood program.)
*	Separate School	Children with disabilities who receive special education and related services in public or private day schools designed specifically for children with disabilities. (Do not include children who also attend a regular early childhood program.)
*	Residential Facility	Children with disabilities who receive special education and related services in publicly or privately-operated residential schools or residential medical facilities on an inpatient basis. (Do not include children who also attend a regular early childhood program.)
*	Home	Children with disabilities who receive SPED and related services in the principal residence of the child’s family or caregivers, and who did not attend an early childhood program or a SPED program provided in a separate class, school, or residential facility. Includes children who received special education both at home and in a service provider location. The term caregiver includes babysitters.
50	Service Provider Location	Children with disabilities who receive all of their SPED and related services from a service provider, and who did not attend an early childhood program or a special education program provided in a separate class, school, or residential facility. Does not include children who also receive special education at home. Children who receive special education both in a service provider location and at home are reported in the “Home” category.

* Indicates the number has been suppressed due to cell size.
