Academy Information: The Academy will include many different types of fundamental drills and activities. We will be sure to make the academy as enjoyable as possible while challenging student-athletes to be the best version of themselves. We will teach your kids some of our basic drills/games we run at Parkview on a daily basis. The academy will be run by Jack Simpson the Head Coach at Parkview High School and his current staff. Current players will also help lead instructional drills. Athletes will learn the fundamentals of dribbling, shooting, passing, rebounding, and defense. We will also be teaching the campers about our 3 pillars at Parkview; Passion, Love, and Resilience. Allowing campers to play with energy, have fun, and work through adversity. If you have any questions please email Coach Simpson at Jisimpson@spsmail.org. We would love to have as many future Vikings at the academy as possible! All profits will go to the boys basketball program at PHS!
