

Student Device Fees

Students are responsible for the care of their devices. A one-year manufacturer warranty protects the Chromebook and Kajeet Hotspots from defects in materials and workmanship. The warranty does not cover damage caused by misuse, abuse, or accidents. The student will be responsible for repair cost for damage from misuse, abuse, or accidents. Students will be responsible for lost devices.

Frequently Asked Questions:

Q: Are these fees per occurrence?

Yes, these fees are charged for each occurrence. If more than one part is required to repair the device it may be charged the same as a full replacement.

Q: Can we still sign up for the Damage Waiver?

We are no longer partnering with One2One Risk to offer the optional damage waiver program. The elimination of the enrollment will simplify the process for parents and students regarding device breakage and repair. Note: There will no longer be a first free claim like was offered through the damage waiver.

Q: How will we submit payments?

Payments can be made at your child's school and a school representative can share what payment options are available. You can use the parent portal at any time to check your student's fee balance.

Q: Are there options for families needing financial assistance?

Families that need financial assistance should contact their school principal. Principals may reduce or waive fees for economically disadvantaged students and students whose families are undergoing economic hardships and are financially unable to pay them.
