Dear Pershing Community,

The 2019 – 2020 school year is poised to be a great one! We are excited to welcome another class of 6th grade students and welcome back the 7th and 8th grade classes.

Students will have a number of new opportunities this fall. One of the Pershing strategic goals is to increase student involvement in extracurricular activities and develop leadership opportunities with the implementation of Student Led Clubs during the school day. These clubs will meet in regular rotations and allow a multitude of enrichment opportunities for all students. Additionally, the students will have access to an added homework intervention during the school day to assist with missing assignments. Please use the website as a reference for events happening at Pershing. The Pershing Event Calendar will be published on the website and you can subscribe to the Pershing Event Calendar on a smart phone. You can find all of the necessary back to school information by selecting the [School Information link](#) on the Pershing Middle School Website: www.sps.org/Pershing

On the back of this letter, you will find your student's username and password to login to the **SPS eSchool Home Access Center (HAC)**. This login will allow your student to view their live gradebook as well as their schedule. Schedules may be subject to change up to the first day for school. In addition, each guardian can receive their own username and password to monitor their student's progress. If you are a Pershing parent or guardian and need a HAC username and password please call the office. Take a moment to login to the Home Access Center to ensure your demographic information is up to date. We will use this information to contact you in case of an emergency and I plan to send regular information and updates via email.

I cannot wait to start another year at Pershing and continue the rich tradition of Pershing Middle School excellence. If you ever have any questions or would like to meet with me, my door is always open. You can also reach me by email at rgsavage@spsmail.org or by phone at #523-2404. I look forward to serving you as principal at Pershing this school year!

Sincerely,
Ryan Savage
